FREEZING WEATHER PREVAILS

Decided Drops in Temperature from Rockies to Atlantic Coast

SUFFERING FROM COLD

MANY MEN AND WOMEN SEEK SHELTER IN MUNICIPAL LODGING HOUSES IN NEW YORK—BELOW ZERO IN MANY PLACES

[ASSOCIATED PRESS TELEGRAM]

New York, Jan. 13.—The entire central and eastern sections of the country are today in the grip of hard freezing weather with prospects that it will continue another 24 hours at least, and in some sections for a longer period. From the Rocky Mountains to the Atlantic coast decided drops in the temperature were reported last night and early today. Even in the south reports indicate a general cold wave and it is feared that in many places the orange crops will be damaged.

In New York the temperature had dropped to ten above zero early today and weather forecasters predicted still cooler weather during the day. In the northwest below zero temperatures were common last night, the lowest, 20 degrees below, being registered at Devil's Lake, N. D. At White River, Canada, 30 degrees below zero was reported. Other low temperatures early today were 14 degrees above at Cleveland; zero at Syracuse, N. Y.; 10 degrees above at Boston; 10 below zero at Quebec. Zero weather at Chicago probably will give way to a rise in temperature before nightfall.

While but one death was recorded in New York last night, much suffering resulted from the extreme cold and 2,500 men and women sought shelter last night at municipal lodging houses and charity organizations. At 2 o'clock 1,850 men had been given beds by Supt. Yorks of the municipal lodging house.

The coldest night of the winter in the Adirondacks was reported, the thermometer registering 14 degrees below zero at Utica and 28 below at Tupper Lake, N. Y. In Canada heavy snowstorms are reported, 14 inches having fallen at Montreal, where the thermometer registered 7 degrees below zero. Hundreds of unemployed in Montreal have been given work removing the snow.

Massachusetts and other New England states experienced the severest weather of the winter last night with much colder weather in prospect.

WARMER WEATHER PROMISED.

[ASSOCIATED PRESS TELEGRAM]

Columbus, Jan. 13.—Although yesterday's high winds abated early last exening the thermometer reached its lowest point for two years during last night when seven degrees above zero was registered. Light snow flurries accompanied the drop in temperature at many points in Central Ohio. Fair weather with slightly rising temperatures was promised for today and tonight and still warmer weather on Wednesday.

22 BELOW ZERO.

[ASSOCIATED PRESS TELEGRAM]

Amsterdam, N. Y., Jan. 13.—With the mercury down to 22 below zero in this city and six degrees lower in suburban towns on the hills, the Mohawk valley is in the grip of the most severe weather of two seasons. Railroad trafffic is completely disrupted and trolley service interrupted by the frequent breaking of wires.

COLDEST OF YEAR.

[ASSOCIATED PRESS TELEGRAM]

Watertown, N. Y., Jan. 13.—The coldest weather for the year was reached here this morning, the official thermometers registering 28 degrees below zero. Much lower temperatures were reported in outlying sections. This is the coldest record since 1905.

COLD AT BINGHAMTON.

[ASSOCIATED PRESS TELEGRAM]

Binghamton, N. Y., Jan. 13.—The thermometer reached 12 degrees below zero here this morning and a high wind caused much suffering among the poorer classes.

FOREMAN IS CHARGED WITH MAN'S MURDER

[ASSOCIATED PRESS TELEGRAM]

Wilkesbarre, Pa., Jan. 13.—His skull crushed and cut in sixteen places, George Orr of Tunkhannock died last night while being removed to a hospital here following a quarrel in a railroad sectionman's shanty near Ricketts. Charles H., Stanford, a railroad section foreman, 62 years old, is under arrest charged with killing Orr. Stanford barricaded himself in the shanty and defied arrest for two hours while the injured man was lying in the hut with him. A posse rushed to the scene on a special engine and finally captured Stanford and put Orr on the train. Stanford claims that he acted in self defense.

CAPT. WILLIAMS IS TRANSFERRED TO WEST NEWARK

Captain Eddie Williams who for several years has been located at fire headquarters was this morning transferred to Number Three Company in West Newark by an order from the safety department. He takes the place of Captain Ned Roe who was transferred to headquarters. No reason was assigned for the transfer by the officials.

NEW TARIFF WILL BRING DOWN THE PRICE OF SUITS

[ASSOCIATED PRESS TELEGRAM]

New York, Jan. 13.—Material reductions in the wholesale price of staple serges, unfinished worsteds, clays, cheviots and other woolen goods for the fall of 1914 were announced in the trade today. The cut is understood to be a direct result of the new tariff schedules and competition from abroad. Prices on serges, clays, unfinished worsteds and French backs are 20 to 37 cents below last fall. Clays show reductions of 20 to 27 cents. Unfinished worsteds are 22 1-2 to 27 1-2 cents lower. The heaviest reduction, nearly 23 per cent., is on Washington serge. Whether the ultimate consumer will reap any benefit from the reductions is a matter of conjecture. The general opinion seems ~~to be that~~ the reduced cost will be lost in the course of handling.

WOULD HAVE JUDGES SERVE TIME BEFORE PASSING SENTENCE.

[ASSOCIATED PRESS TELEGRAM]

New York, Jan. 13.—Before he is permitted to send a prisoner to jail, Alfred E. Ommew, a former city magistrate, would have every judge serve a thirty days sentence in a penal institution. He made this suggestion last night at a meeting of the society of medical jurisprudence.

"It makes me shudder when I read of a judge sentencing a man to spend thirty years in Sing Sing, even for a grave assault," Mr. Ommew said. "It would be better to condemn the man to death and have it over with. One day I took a trip over there, just thinking it might be well to know what I was doing. I spent one day on the island and went through the program. After that I was inclined to be lenient."

IMPOSED FINE OF $250.

[ASSOCIATED PRESS TELEGRAM]

Gallipolis, O., Jan. 13.—In Common Please court here today Judge Peoples imposed a fine of $250 against the Rathbourn Drug Co., charged with illegal sale of liquor. The drug company was ordered certified to the state auditor for payment of the $1000 Dow tax as provided by the Greenlund liquor law now in effect.

FIRE LOSS LOWER.

[ASSOCIATED PRESS TELEGRAM]

New York, Jan. 13.—Fire loss in the United States was lower in 1913 than the year before, according to the total figures issued here today by insurance interests.

The total property loss was $203,408,250 as compared with $207,453,900 in 1912.

BRAKEMAN KILLED.

[ASSOCIATED PRESS TELEGRAM]

Painesville, O., Jan. 13.—M. E. Crouch, of Bellevue, a Nickel Plate railroad brakeman, was killed when two freight trains collided in a sideswipe at Madison, O., this morning. The engine and five cars of the west bound train were piled up in the ditch.

PRESIDENT AND FAMILY BACK AGAIN

Arrive at Washington Today After a Three Weeks' Vacation

BEGINS WORK AT ONCE

CHIEF EXECUTIVE PICTURE OF HEALTH AND IN FINE PHYSICAL CONDITION—MEETS WITH HIS CABINET THIS MORNING.

[ASSOCIATED PRESS TELEGRAM]

Washington, Jan. 13.—President Wilson and his family arrived here at 7:30 o'clock this morning from Pass Christian, Miss., and motored to the White House for breakfast.

It was 18 degrees above zero when the President stepped from his private car and walked briskly through the station to the waiting automobiles. The party shivered with cold at the extreme change from the warm climate of the gulf coast. The trip was uneventful. The President greeted crowds everywhere but made no speeches. To those who begged him to talk, he would always say with a smile, "I'm not in the habit of talking when I haven't anything to say."

The President's face was a picture of health as he got back to his desk. Dr. Cary T. Grayson, U. S. N., pronounced him much better physically than he has been for many months and in fit condition for the strenuous work ahead. There was little doubt among the members of the President's party that the chief executive would go to some point on the gulf coast every winter hereafter. He is delighted with the opportunities for golfing in the balmy air and even temperatures and the seclusion which he enjoyed.

Except for the cabinet meeting, few callers were expected at the White House today and official Washington will get its first glimpse of the present diplomatic reception tonight, the ~~first~~ of the mid-winter social functions.

President Wilson's return to the capitol found work a-plenty. His desk was piled high with accumulated correspondence for Secretary Tumulty has permitted nothing but the most urgent communications to be forwarded. Appointments to be made, commissions to be appointed, to say nothing of the work ahead with congress, all were waiting. A new surgeon general for the army; a new commandant for the marine corps, the appointment of the federal reserve board which is to control the new banking system, the Mexican situation and the forthcoming special message to congress on trust legislation were foremost among the first subjects to be considered.

The cabinet had been summoned for the usual Tuesday morning meeting at 11 o'clock this morning.

Secretary Tumulty's last word from the President was that the chief executive had enjoyed a complete rest and was returning to work feeling equal to the tasks before him. The President's close friends say his cold which had worried them had been cleared up and the President is now again in the pink of health.

SHOE RETAILERS HAVE ANNOUNCED CHEERFUL NEWS

The Retail Price of Footwear it is Predicted Will Soon Reach $10 Per Pair.

[ASSOCIATED PRESS TELEGRAM]

New York, Jan. 13.—In the opinion of speakers at the annual convention of the National Shoe Retailers association which closes with a banquet tonight, the retail price of shoes may soon reach $10 a pair. "Pure shoe laws," already adopted in twenty-five states and several measures of the same nature now pending in congress were given as the chief causes for increasing the price of footwear. Both speakers and a majority of the 200 delegates present denounced the legislation which would cause all shoes not made entirely of leather to be stamped "adulterated" or "substitute leather."

The shoe retailers were told that if all shoes were made of all leather 2,000,000 more hides per annum would be required in this country alone, and with hides practically in control of the large packing houses it cannot be foreseen to what heights shoe prices might soar.

FIRE DESTROYS FREIGHT STATION

Marietta, O., Jan. 13.—An overheated gas stove set fire to the Pennsylvania lines freight station here this morning, destroying the structure and all records. A temporary embargo on freight will be necessary pending the tracing of records.

Tidal Wave and Earthquake In Japan Probably Cause Loss of Thousands of Lives

Island of Ambrim is Devastated by Volcanic Eruptions; Many Perish

[ASSOCIATED PRESS TELEGRAM]

Victoria, B. C., Jan. 13.—Further details of the destruction and loss of life on the island of Ambrim, caused by volcanic upheaval on December 4 and following days when cable reports told of the death of 500 people, the transformation of the coast and the forcing up of a new island from the neighboring sea, were brought here yesterday by the Canadian Australian liner Makura.

The entire western part of the island of Ambrim, New Hebrides, has been devastated by volcanic eruptions, according to news brought by the Candian Australian liner Makura yesterday.

Word was received at Snyder, prior to the departure of the Makura that on the sixth of December, six new craters were observed in active eruption and on the following day Mount Minnie collapsed. Inhabitants of the danger zone were compelled to take refuge in boats which they had hardly reached when two new craters burst, overwhelming the countryside with lava on its way to the sea. Villages on the southern coast were also abandoned. No loss of life was reported among the white population and the fleeing people are said to have taken refuge at Port Sandwich. It is probable many of the natives on the western part of the island and the interior have perished on account of the lava cutting off retreat towards the sea.

The steamer France succeeded in saving 500 natives, most of whom were old men, women and children left behind by young, able bodied men who at the first sign of danger took flight in canoes.

The western part of the island was all afire and totally devastated. There is no trace of vegetation. The rest of the island was covered with cinders, the trees even being bent with the weight. Water is scarce everywhere, the rivers having been transformed into burning lava.

The Official Estimate of the Disaster Will Not be Known for Several Days as Burning Lava Has Hemmed in Devastated District

CITY OF KAGOSHIMA IS BURIED IN VOLCANIC ASHES

Refugee from City Which Had 60,000 Population, Tells Tale of Disaster and How Hundreds Were Saved by Vessels in Gulf of Kagoshima

[ASSOCIATED PRESS TELEGRAM]

Tokio, Japan, Jan. 13.—A tidal wave added its terrors to the earthquakes and volcanic eruption which struck Kagoshima, in southern Japan yesterday according to official advices today. It is believed here that the Kagoshima disaster will prove to be one of the most serious in the history of Japan. The loss of life and property increases with fuller news from the scene.

The full extent of the disaster could not be ascertained today, as all communication was cut off from the stricken district south of Kumamoto, eighty or ninety miles north of Kagoshima. The navy department was unable to obtain a wireless report from the warships sent to the scene, although many messages were dispatched to them. Ashes to the depth of six inches have fallen in the seaport of Myazaki on the east coast of Kiushiu.

A postal employe who fled from Kagoshima states that the big postoffice building there collapsed during the earthquakes and tidal wave and that a great number of residences were ruined while many people and animals were killed or injured.

The navy and army departments are hastening succor and supplies to Kagoshima.

Sakura Jima, which in violent eruption is destroying life and devastating property over an extended area in Kiushiu soutehrn most of the Japanese group, has been quiescent for more than a century, although its crator peak is in a veritable land of volcanoes.

Directly to the south of it on one of the three lower types of Japan stands Kaimon Dake, which is constantly active, while directly north of it are Kirishima Yama and Sniratorisan. Both are active and from the former in 1895 came a tremendous and destructive outburst. The contour of hill and valley throughout the region all tells of volcanic origin and activity and the higher ridges are scarred and serried with runs of lava, marked by the precipitations of ash and cut and torn by the convulsive earth shocks which have attended the more serious disturbances.

Sakuta Jima occupied almost the exact center of a small round island in the Gulf of Kagoshima and directly in front of the city Kagoshima, capital of the province of Satsuma. It is 4,000 feet high and before the present eruption had two craters. One of these had been closed and silent for many years, the other, a huge, ragged opening in the mountain crest has for centuries given off small quantities of steam.

Around its base are several hot springs, evidence of subterranean conditions and several draws in the rugged sides show runs of lava which extended to the sea.

The island and its volcano are scientifically beautiful and both Japanese and foreigners in large numbers constantly visited them. The permanent population was considerable, running probably to 25,000. Much of the soil of the island was rich and sugar cane, fruits and vegetables were extensively cultivated.

Sakura Jima had its last general eruption in 1779 and while accurate information as to the suffering and damage which it inflicted is not available, the occasion so impressed itself upon the people that the eruption was commemorated by a monthly festival. This day is still observed by many people and for decades no boats were allowed to leave the island during the celebration, a rule which is said to have had its origin in superstition.

The surrouding coasts and the country in several directions are heavily populated and the number in the danger zone is hundreds of thousands. The chief city in danger is Kagoshima, which lies almost in the shadow of the volcano and is separated from it by a narrow strait. Despatches that come in over a telegraph and telephone service that has been destroyed at several points indicate that there has been heavy loss of life in Kagoshima and its vicinity and it is feared that this deadly work continues.

CALLING FOR ASSISTANCE BY WIRELESS

[ASSOCIATED PRESS TELEGRAM]

Halifax, N. S., Jan. 13.—Grouping her way toward St. John, N. B., through a blinding snow storm, the royal mail steamer Cobequid caught on a ledge at the entrance to the Bay of Fundy early today. After sending out wireless calls for assistance the vessel's wireless apparatus apparently failed and it has not been possible to restore communication with her. It was first reported that the steamer was ashore off Brier Island on the east side of the bay but the lighthouse keeper there later reported that he could not locate her. It was then thought that she might be on one of the ledges at the western entrance to the bay. She is said to have 150 persons on board, including a crew of seventy-five men.

The Cobequid got off her course when bound from the West Indies and Bermuda for Halifax, N. S.

Reports received here state that the steamer reported that her forward hold was filled with water and that she was listing badly.

The Bay of Fundy was swept today by a terrific northwest gale accompanied by thick snow, which made difficult the task of locating and assisting the steamer. The first news of the Cobequid's plight reached here in a dispatch to the department of marines and fisheries from the Cape Sable wireless station. The message said:

"Five a. m. today. Cobequid reports being on the rocks off Brier Island, Bay of Fundy. Have advised Kronprinzessin Cecilie to please assist."

It was subsequently learned by telephone from Westport, the nearest port to Brier Island, that no sign of the Cobequid could be seen from there. The Brier Island lighthouse keeper reported that he could not locate the Cobequid on the rocks off the island at the western entrance to the bay. It was thought that the captain of the Cobequid, having lost his bearings in the blizzard was mistaken in giving a ledge off Brier Island as the scene of the accident.

SENT TUGS TO ASSISTANCE OF THE COBEQUID.

[ASSOCIATED PRESS TELEGRAM]

St. John, N. B., Jan. 13.—The marine department sent the government steamer Lansdowne and two tugs to Brier Island and wireless advices said that the steamship Kronprinzessin Cecilie and Lady Laurier were heading in the same direction.

The Cobequid is a steamer of 2974 tons. She left Grenada in the West Indies for Halifax, Dec 20, stopping at several ports on the way. It was said that she has a number of passengers.

CREW NUMBERS 75.

[ASSOCIATED PRESS TELEGRAM]

New York, Jan. 13.—At the office of the Royal Mail Steam Packet Co here it was said that the Cobequid had a passenger capacity of ninety, including fifty first cabin and forty second cabin. On her trips north at this time of the year the steamer generally carries few passengers. The total number of the crew is about seventy-five.

JESS WILLIARD ACQUITTED.

[ASSOCIATED PRESS TELEGRAM]

Los Angeles, Jan. 13.—Jess Williard, the heavyweight pugilist, on trial charged with prize fighting, was acquitted by a jury today after an all night deliberation. The charge was the result of the death of John Young, after a bout at Vernon Arena with Williard, August 22.

ENGINEER DIES WHILE RACING RIVAL TRAIN

[ASSOCIATED PRESS TELEGRAM]

Seattle, Wash., Jan. 13. — While driving his locomotive 55 miles an hour, George H. Perry, engineer of the Chicago, Milwaukee and St. Paul's fast overland train, the Olympian, dropped dead of heart disease at his throttle. Death occurred soon after Perry had won a race against a train on a rival road which parallels the St. Paul's tracks near Eaton, just after the roads begin to climb the steep grade up the east slope of the Cascade mountains.

After Perry's train had passed its rival and had gone through Easton at full speed, the fireman saw that the engineer was dead. He drove the train to Laconia on the west slope of the range where another engineer took charge.

TANGO DANCE ORIGINATED IN THIS COUNTRY

[ASSOCIATED PRESS TELEGRAM]

Washington, Jan. 13.—That the tango is a strictly American dance and that he had never seen it danced in Argentine where it is supposed to have originated was the statement made yesterday by John W. Garrett, American minister on his arrival from Buenos Ayres.

He said he had read in Buenos Ayres of the tango and how it is danced in New York and declared that such a dance was never presented in the Argentine.

Following the ban placed on modern dances by high authorities in the church, many societie sand charity organizations in Roman Catholic circles in New York City, have abondoned plans for their annual balls.

It is estimated that the abandonment of the various entertainments means a loss of $25,000 to charity.

BABES THROWN INTO SNOW DRIFT NEARLY FROZEN

[ASSOCIATED PRESS TELEGRAM]

Cleveland, Jan. 13.—Two babes nearly perished today when they were thrown from the second story window of their homes, which was afire, and then lay forgotten in a snow bank until they were almost frozen to death. When the residence of Mrs. Mary Schellinger, east 63rd street, caught fire, Mrs Schellinger threw Margaret, three, and Charles, 5, her two children, from the upstairs window. Then she tried to run downstairs herself but was overcome and carried into a neighbor's house. She cried for someone to save the children and Manuel Schwartz, thinking they were in the house, went after them. He was overcome and taken out by firemen. The children were rescued from the snow later.

Passage of This Bill Will Take 2400 Asst. Postmasters Out of the Civil Service

[ASSOCIATED PRESS TELEGRAM]

Washington, Jan. 13.—Exemption of all assistant postmasters from the civil service and an appropriation of $200,000 for experiments in government ownership of railway mail cars were two proposals that attracted much attention when the annual postoffice appropriation bill was submitted to the house late yesterday. The bill carries $305,247,757. Last year, before the parcel post system was inaugurated, the total was $283,444,171.

A minority report by Representatives Madden of Illinois and Steenerson of Minnesota, Republicans, attacked the proposal to take the 2400 assistant postmasters out of the civil service as a "vicious" move for political purposes.

The much-talked-of-plan for government ownership of telegraph and telephone lines was not touched upon in the appropriation bill. If it comes before Congress at all during this session it will be in the form of a separate measure.

Postal Authorities Run Down Man Who Fleeced His Victims Out of Thousands

[ASSOCIATED PRESS TELEGRAM]

St. Louis, Jan. 13.—E R Kiger, who uses half a dozen aliases, was arrested at the Edwardsville postoffice late last night on a charge of using the mails to defraud.

He admitted his identity to Adam M Otto, postoffice inspector of Chicago.

He is said to be wanted on federal indictments in Springfield, O., New York, Chicago, Washington, D. C., Pittsburg, Trenton, Mich., Memphis and Detroit. He will be taken to Pittsburg or Detroit.

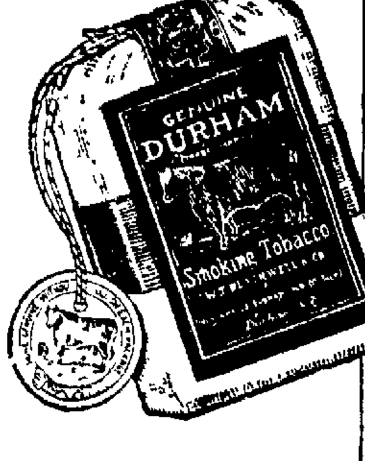

According to the postal authorities, Kiger posed as "Mrs. Elizabeth Walker" in his latest operations, which were carried on chiefly through the columns of Canadian newspapers. He played the role of a widow who had inherited a large estate including two automobiles, offering to sell the latter at a low figure, he instructed those who answered his advertisement to send two per cent. of the purchase price for which the automobiles would be sent them on approval. After sending the money the prospective buyer would lose track of "Mrs. Walker."

His arrest ends a six year chase. According to postal authorities, rewards for his apprehension aggregates over $4,000. It is said, to trap Kiger the officers changed the combination on his postoffice box and confronted him with identification cards when he applied to the postmaster for a new key.

IF BACKACHY OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy, the bladder is irritated, and you may be obliged to seek relief two or three times during the night When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Turn the Baby's Tears to Laughter

A Gentle Baby Laxative Will Quickly Relieve the Usual Cause of the Trouble.

It is often difficult to tell just what is the matter with a crying, peevish baby or child too young to express its feelings in words, but as a general rule the mother will find that there is a tendency to constipation, which has brought on a headache or nervousness. The little one has no pain, but feels "out of sorts."

The first thing to try is a family remedy containing good but mild laxative properties, and many mothers will say that their choice would be Dr. Caldwell's Syrup Pepsin. Thousands of mothers keep it in the house for such emergencies, among whom may be mentioned the house for such emergencies, Mrs. John Kirch, Jr., 1527 Abstract avenue, Pittsburgh, Pa. She has been giving it to little Walter, whose picture we present at three months, when he weighed 14½ pounds. He is a healthy, laughing youngster today and Mrs. Kirch gladly gives Dr. Caldwell's Syrup Pepsin credit. It saves many an illness and many a large doctor bill, for by administering it promptly when the first symptoms of illness are noticed it prevents a serious ailment.

It is so pleasant tasting that no child will refuse it, and as it does not gripe, the child is glad to take it again. A bottle can be obtained of any druggist for fifty cents or one dollar, the latter being the size

WALTER J. KIRCH

bought by families already familiar with its merits. Results are always guaranteed or money will be refunded.

Syrup Pepsin is for all the family from infancy to old age, and because of its mildness families should prefer it over all other remedies. It is absolutely safe and reliable. You will never again give cathartics, pills, salts or such harsh physics, for they are usually unnecessary, and in the case of children, women and elderly people are a great shock to the system, and hence should be avoided.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 1344 Marcellus avenue, Manasquan, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

TIDAL WAVE

(Continued from Page One.)

uated rushed to the beach and leaped on board junks and steamers which carried them across three miles of water to Kagoshima, ashes, stones and particles of white hot lava falling all the while on the decks.

At Kagoshima the heat was intense. The constantly increasing hail of glowing cinders made it impossible for the citizens to remain.

"The horror was increased by the shaking caused by incessant shocks of earthquake, which rocked the houses all day.

"More than 350 earthquake shocks were recorded before nightfall.

"The people fled in disordered droves along the highways leading west and north of the city. They had abandoned everything in their flight and soon were suffering also from lack of food and drink.

"When I left Kagoshima, the volcano resembeled an enormous setpiece of fireworks, glowing from the foot of the mountain to the summit. During the night the glowing lava illuminated the entire district. The volcano constantly emitted thunderous explosions."

The burning rock and ashes set fire to several villages. At Moji, on the Kiushiu railway, one hundred persons were killed.

Several villages along the foot of the volcano were buried in streams of lava yesterday.

OUTLOOK NOT ENCOURAGING IN COPPER COUNTRY

[ASSOCIATED PRESS TELEGRAM]

Houghton, Mich., Jan. 13.—For the first time since the beginning of the copper miners' strike last July state troops did not patrol the strike zone today, the last company of militia having left the district yesterday. Several of the guardsmen announced before leaving that they intended to return to take service with the mining companies as mounted policemen.

Because of the cold weather which has prevailed in this district for the last two days and because of fresh eviction suits and a further break in the ranks of the union men, strike leaders were somewhat disheartened.

Union stores throughout the district were crowded again today and numerous requests were made for increased fuel and food supplies. Calls on charity workers continued to increase.

Court Briefs.

The famous mule case which has been on the docket of 'Squire F. S. Scott for several months before he took the office, has again been postponed upon the request of attorneys interested in the case. The mule, which is the subject of the litigation, was taken over by the humane society on the ground that it was not being properly cared for. Its owner, a pike teamster, promptly replevined the animal. It is the replevin suit which is now docketed for hearing.

'Squire F. S. Scott Monday afternoon refused to place Ress Burris under peace bond, application for which was made by his wife, Mrs. Rees Burris. The testimony showed that the parties, prior to Dec. 26 had resided in Eleventh street, but that Burris had left home, subsequently filing a divorce petition in the county courts. Mrs. Burris alleged that she had reason to fear Burris and asked for a peace bond. Many witnesses testified on both sides and in summarizing the evidence 'Squire Scott denied the request of the prosecuting witness and dismissed the action.

SHY ON GAS; BURNED WOOD

When the gas pressure dropped to a point where there was about as much heat from the stove as would be derived from a burning match, a tenant in the Flory & Havens building in South Park place promptly knocked a store box to pieces and started a wood fire. Big clouds of smoke rolled from a chimney which had not been used for nearly twenty years and the acrid odor of wood smoke filled the frosty air. Others in the neighborhood who knew nothing of the wood fire, thought the building was burning and telephoned for the fire department.

An error in starting the transmitter at fire headquarters, caused the mechanism to sound Box No. 12 and many thought the fire was at the B. & O. shops.

Trucks from West and North Newark and headquarters responded to the alarm but their services were not required.

GOV. J. M. COX RECIPIENT OF A GOLD MEDAL

Columbus, Jan. 13.—Governor Cox today received a letter from President Wilson announcing a "gold medal of merit" had been sent him by the Red Cross and congratulating him on work done during the flood. The medal was awarded at the last annual meeting of the American Red Cross held at Washington, Dec. 10.

The president wrote: "It was largely due to your prompt, energetic and wise measures for emergency relief, to your confidence in the Red Cross and to your hearty co-operation in its efforts to mitigate the suffering victims of the serious floods that the society was enabled to cope successfully with so great a catastrophe."

NOTRE DAME CATHEDRAL AT MONTREAL IS BEING SWEPT BY FLAMES TODAY.

[ASSOCIATED PRESS TELEGRAM]

Montreal, Jan. 13.—Notre Dame cathedral, famous the world over, caught fire this afternoon from a blaze that originated in the business district. For a time it was thought that the fire was under control but it was revived by a strong wind and spread from a hardware store where it started to other structures.

Seven firemen were injured.

The fire was gotten under control after a stubborn fight. The loss is estimated at $500,000.

Flames broke out in a building adjacent to the cathedral but were checked. The firemen battled in a temperature 25 degrees below zero.

OHIO HAPPENINGS

School Buildings Called Firetraps.

Cleveland, O., Jan. 13. — Many Cleveland schoolhouses are called firetraps in a report made public by the Cleveland chamber of commerce, following an investigation by the chamber's public safety committee. The report says some buildings are of "such antiquated construction that they would not be tolerated by progressive business men for any occupation whatever." The tearing down of several of the oldest schools is urged.

Bank Officials Indicted.

Xenia, O., Jan. 13.—Four officials of the Osborn State bank, which was closed by the state banking department last June, were indicted by the grand jury. President John H. Barkman, Vice President J. C. Smith and Cashier C. C. Jackson were indicted jointly for the alleged misapplication of the bank's funds to the J. G. Russell company of Dayton, a bond brokerage firm. H. B. Mouk, director, also was indicted.

Francis Blood Dead.

Conneaut, O., Jan. 13.—Francis B. Blood, 77, who was at one time a member of the board of control of the Ohio agricultural experiment station at Wooster, died at his home here after a long illness, brought on by the losing of an arm four years ago under a train at the Union depot in Cleveland. Blood, who was a Democrat, was an appointee of Governor Harmon.

Musicians Refuse to Strike.

Cleveland, O., Jan. 13.—Refusal of union musicians at the Hotel Statler to obey the order of the Cleveland Federation of Labor to strike may result in the American Federation of Labor being drawn into the situation here. A waiters' strike has been in progress at the hotel for several weeks.

Succeeds Engineer Waite.

Cincinnati, O., Jan. 13.—Frank S. Krug will be the next city engineer. Mayor Spiegel announced Krug's acceptance of the offer of the position, that was tendered to him following the resignation of Henry Waite, former city engineer, who is now the city manager of Dayton.

Drys Ask For Election.

Sidney, O., Jan. 13.—A petition carrying the names of 848 voters was presented to the city council asking for a local option election in this city. The dry forces have been conducting a series of meetings for the last six weeks. The date of election has not been set.

Mars Outpoints Tracey.

Cincinnati, O., Jan. 13.—K. O. Mars outpointed Harry Tracey, Philadelphia featherweight, in their 10-round bout here. Mars had the best of seven rounds, but Tracey made a whirlwind finish, having Mars groggy in the tenth.

Twin Babies Smothered.

Zanesville, O., Jan. 13.—When Edward Benjamin and his wife of Mt. Sterling, this county, awoke they found their twin boy babies dead in bed. They were smothered to death under the covers in the night.

A good bit of sympathy is wasted on the poor that is needed by the rich.

National Open Champion 1911 to 1913
"Pipe smoking gives added pleasure to a golfer when the pipe is filled with Tuxedo. Tuxedo provides more keen enjoyment than any other tobacco I know."

ALEX CAMPBELL
Country Club, Brookline, Mass.
"I am always glad to speak a good word for Tuxedo tobacco. Constant use of it only serves to make it better liked. Its fragrant, soothing flavor makes it the choice of many golfers."

ALEX ROSS
National Open Champion 1907, says:
"Tuxedo, cool and mild, is essentially the smoke that satisfies. Many of my fellow golfers agree with me in giving preference to Tuxedo."

Tee Up! Smoke Up!

AS satisfying as the sounding smack of the perfect drive, is the open-air relish of the perfect smoke—Tuxedo. Both go together, too. When you grab your bag and start for the links, grab up your tin of Tuxedo and take it along.

"Follow through" the snappy afternoon with Tuxedo. Put Tuxedo in your pipe and you will *"put"* the best. And at "the nineteenth hole" rest up and relax with a good, solid smoke of Tuxedo. That's the advice of good golfers everywhere.

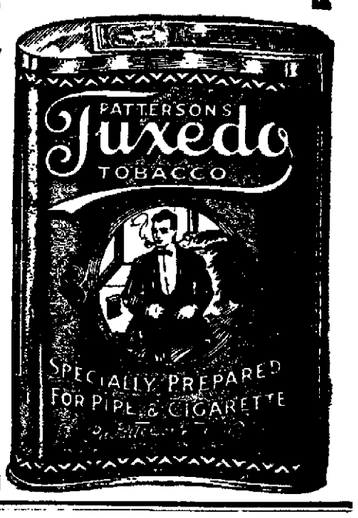

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

It's worth *your* while to *try* Tuxedo. Especially if a sensitive tongue prevents pipe smoking.

Tuxedo positively *cannot bite*—not even if you smoke pipeful after pipeful, as many as you can crowd into a day or a week.

Tuxedo is made of only the finest, choicest, selected leaves of perfectly aged Burley tobacco. It is made by the original "Tuxedo Process" which removes *every trace* of *bite* and *sting* and develops *all* the wonderful mildness, fragrance and flavor of the Burley Leaf in a way that no other brand of tobacco has ever successfully imitated.

Human Procession

Birthday felicitations are due today to that royal newlywed, Prince Arthur of Connaught, grandson of Queen Victoria and only son of His Royal Highness, the Duke of Connaught, Governor-General of Canada. The Prince, who is described as the handsomest and tallest man in the British royal family married last October the Duchess of Fife, granddaughter of the late King Edward VII. The bride was often referred to as "her royal shyness," owing to her timidity and bashfulness, but since her marriage, according to dispatches, she has blossomed into a gay and smart woman, and is much more beautiful than before her marriage.

Prince Arthur is very popular all over the empire because of his democratic air and his lack of affectations and "side." As a sportsman he is a fine shot, and is very fond of hunting. He is slightly lame because of an accident received while hunting. He is also fond of tennis and many other outdoor sports. The Prince has been given a number of important missions, and represented the British royal family in Japan, Italy and Germany. He has interested himself in many philanthropic and scientific movements.

The Prince was long considered a confirmed bachelor. Both King Edward and King George, it is alleged, suggested matrimonial alliances with foreign princesses that would be advantageous to England, but he tactfully evaded all such propositions. The Prince was fond of American and Canadian girls, and before his marriage his name was coupled with those of several young women of the London Anglo-American colony.

As a big game hunter the Prince is entitled to rank with Colonel Roosevelt. He headed an expedition into the wilds of Africa, and killed many lions, tigers and other beasts, but there were no newspaper reporters along and the English newspapers were requested not to make much mention of the expedition. He has also hunted in Russia and Canada, and in the Dominion he won golden opinions.

Since his engagement was announced, Prince Arthur has been called "Drums" by the officers and men of the Scots Greys, in which he is an officer. The reason for this nickname, it is explained, is that "the drums and fifes always go together." (The Prince's bride, it will be remembered, was the Duchess of Fife.) Before he became "Drums," the Prince's military nickname was "Shiny," but the reason for this has not been explained.

Prince Arthur has often declared that his most interesting experience was his visit to Japan in 1906, as the royal bearer of the Order of the Garter to the Mikado. The latter established a precedent by personally investing the British prince with the Order of the Chrysanthemum. Among the entertainments provided for the Prince was the performance of the "cherry dance" by chosen heisna girls, and Prince Arthur was delighted when one of them, who had mastered a little English, remarked, "You verra nice."

Prince Arthur is the only living grandson of Queen Victoria in the male line, with the exception of King George and the Duke of Saxe-Coburg and Gotha. The rapidity with which the male lines of younger sons of British sovereigns have died out is remarkable. King Edward had three sons, and King George alone is alive. Alfred, Victoria's second son, had only one son, who died in 1899. The Duke of Connaught has but one son, and Leopold, Duke of Albany, had only one son, Charles Edward, who became Duke of Saxe-Coburg and Gotha.

HAVE DARK HAIR AND LOOK YOUNG

Don't stay gray! Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a sponge or soft brush and draw it through you hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant. Agents Hall's Drug Store.

Uncle Walt

The Old Man.

Be kind to your daddy, O gamboling youth; his feet are now sluggish and cold; intent on your pleasures, you don't see the truth, which is that your dad's growing old. Ah, once he could whip forty bushels of snakes, but now he is spavined and lame; his joints are all rusty and tortured with aches, and weary and worn is his frame. He toiled and he slaved like a government mule to see that his kids had a chance; he fed them and clothed them and sent them to school, rejoiced when he marked their advance. The landscape is moist with the billows of sweat he cheerfully shed as he toiled, to bring up his children and keep out of debt, and see that the home kettle boiled. He dressed in old duds that his Mary and Jake might bloom like the roses in June, and oft when you swallowed your porter-house steak, your daddy was chewing a prune. And now that he's worn to his burden of care, just show you are worth all he did, look out for his comfort, and hand him his chair, and hang up his slicker and lid.

CURES COLDS, CROUP AND SORE THROAT

Mothers Should Try This Simple, Sensible Treatment For Croupy Children.

The old method of dosing the stomach to cure colds and croup is wrong and harmful.

When your child is cross, feverish and full of cold, apply a small quantity of Nostriola Balm to the nostrils, and on chest and throat—also under arm pits and on soles of feet. This simple common-sense treatment will clear the head and open the air passages almost instantly, stop sneezing, running of the nose and quickly change a half-sick, fretful child into a happy playful one.

Many mothers now use the Nostriola treatment and nothing else to keep the children free from colds and croup.

You won't believe the good results this simple treatment will bring until you make the test. Get a 25c tube of Nostriola of your druggist today, and you'll wish you had tried it sooner.

TRUST PROBLEM TEXT OF MESSAGE

Wilson Submits Rough Draft to His Cabinet.

WILL BE REVIEWED CAREFULLY

President Reaches Washington After Resting Up For Several Weeks at Pass Christian, On the Gulf Coast. Ovations at Many Stations Punctuate the Homeward Journey—Appears To Be In Fine Fettle.

Washington, Jan. 13. — President Wilson, who returned here this morning from Mississippi, laid the rough draft of his special message to congress on anti-trust enactments before the cabinet.

In the president's absence a summary of all pending anti-trust bills had been prepared for him by Assistant Attorney General Todd. It is understood that conservation will be the outstanding characteristic of the president's anti-trust message. It is expected that the same will be true of the recommendations which the attorney general will make, at least as far as changes in the Sherman anti-trust law are concerned. Until the president has had an opportunity to confer with the leaders in congress, the scope of the anti-trust message will not be fully determined.

The president told press representatives he had framed his address to congress on legislation looking to the further curbing of the monopolistic tendency in great industrial affairs. The address would be reviewed and in its present form was subject to minor modifications. Further, the president said that he had read the projected bill for the establishment of the rural credit system. The bill in the main, he said, had his tentative approval.

In giving his attention now to the trust and rural credit questions the president feels that he is carrying out not only the promises made in the party platform, but is fulfilling at the same time an informal understanding with members of the senate and house who sought to bring the subject of rural credits into the discussion of the currency bill and to prohibit interlocking directorates and other trust evils by provisions in both the currency and tariff bills.

The president's homeward journey was punctuated with cheering and handshaking at all stations at which the special stopped to change engines. The most enthusiatsic greetings were received at Spartanburg, Charlotte and Greenville, S. C.

Trapper Embraces a Skunk.

Steubenville, O., Jan. 13. — Homer Schrader, who is employed as a railroader at Bradley and engages in fur trapping as a side line, was here to purchase a new suit of clothes. Schrader caught a skunk and in attempting to kill it he slipped and both rolled down a hill in loving embrace. When they parted Schrader was not in condition to go into society.

Check the Symptoms of Lung Trouble

One of the many reasons why Lung Trouble is so difficult to fight is because the disease is often of a very flattering nature. The patient may look well, but in reality is fast losing strength by continued night sweats, fever and cough. These symptoms should be checked as quickly as possible. Eckman's Alterative is beneficial in checking fever and night sweats and it has brought about many complete recoveries. Read this case—

"Gentlemen: I am writing you this testimonial that others may know what your Alterative has done for me. Since I was a very young woman I was a sufferer from Pneumonia. I tried doctor after doctor getting little or no benefit. Finally I had night sweats, weak spells and became rapidly in weight and my doctor told me if they were not checked I would have Lung Trouble. Miss Mary Korbauer, who is a friend of mine recovered after using your Alterative and insisted that I use it. I am now after two years perfectly well, strong and healthy."

(Affidavit) MRS. ROSA VOELPEL
(Above sworn to and proved, more on request)

Eckman's Alterative has been proven by many years use to be most effective for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and all conditions of the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists.

First Things

The first writer of fairy tales to gain an international reputation was Charles Perrault, the "father" of "Mother Goose," who was born in Paris on this date in the year 1628. Perrault has no claim to the invention of "Mother Goose," "Cinderella," "Jack and the Bean Stock," "Beauty and the Beast," and other nursery tales, but he is entitled to immortality for his skill in adapting style to matter. The Frenchman was famous as biographer and historian before he began writing his "Contes des Fees," or "Tales of the Fairies." He was in his seventieth year when the book was published. Many of the legends to which he was given immortality were of German origin, while others were French and English, and they had been told and re-told but never written, for centuries before Perrault gave them enduring form. Paris has a monument to Perrault's memory, and thousands of children annually visit the Garden of the Tuilers to gaze in awe upon the marble face of the man who gave the world its most delightful fairy tales.

This Home-Made Cough Syrup Will Surprise You

Costs Little, but there is Nothing Better at any Price. Fully Guaranteed.

Here is a home-made remedy that takes hold of a cough almost instantly, and will usually conquer an ordinary cough in 24 hours. This recipe makes a pint—enough for a whole family. You couldn't buy as much or as good ready-made cough syrup for $2.50.

Mix one pint of granulated sugar with ½ pint of warm water, and stir 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. This keeps perfectly and has a pleasant taste—children like it. Braces up the appetite and is slightly laxative, which helps end a cough.

You probably know the medical value of pine in treating bronchial asthma, bronchitis, spasmodic croup and whooping cough. Pinex is a most valuable concentrated compound of Norway white pine extract, rich in guaiacol and other natural healing pine elements. Other preparations will not work in this combination.

The prompt results from this inexpensive remedy have made friends for it in thousands of homes in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

BIG G Cures in 1 to 5 days Gonorrhoea and Gleet. Contains no poison and may be used full strength absolutely without fear. Guaranteed not to stricture. Prevents contagion. WHY NOT CURE YOURSELF? GIRLS! CLEAN AND BEAUTIFY HAIR, NO DANDRUFF--25 CENT DANDERINE

Try this! Make your hair soft, glossy, fluffy, abundant—Stop washing the hair with soap.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff, invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers or rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

New Corn Cure A Real Marvel

Guaranteed and Absolutely Painless.

A corn cure that is painless and that will really do the work has finally been discovered. Heretofore, the poor sufferer from corns has been pestered with "drawing" salves and plasters that swell the corns, and has had finally to gouge out his corn and inflict upon himself still greater pain. With Hall's Painless Corn Cure all pain ceases on the first application, and then finally the corn comes right off easily and painlessly. You don't have to dig it out and run the risk of drawing blood, making your corns still more sore or getting blood poison.

Hall's painless Corn Cure is easier to use than any other; it takes a few seconds to apply it. It is guaranteed absolutely in every case. You must be satisfied, or back goes your money.

Lasts longer than several packages of any other corn treatment, and you are sure to get rid of corns and bunions. Sold at 25 cents a bottle at

KING—PECK.

A very pretty wedding took place at the home of the officiating minister, Rev. Calvin G. Hazlett, Monday evening at five o'clock, when Charles Henry King and Miss Gladys E. Peck of Pataskala were joined in marriage. They were accompanied by the groom's mother, Mrs. King, and Mr. and Mrs. Graham of Pataskala. They will make Columbus their home.

The friends of Misses Mabel Lynn planned a most successful surprise party for her at her home in East Main street on Saturday evening. The hours were spent in music and games and at a late hour a dainty lunch was served.

The guests were Misses Thelma Fairall, Pearl Killworth, Marie Brown, Esther Squiggins, Florence Killworth, Alberta Emons, Virginia Weaver, Vernie Patterson, Messrs. Joseph Spickler, John Brown, Norval Cook, Noel Sheen, William Spickler, Ralph Loughery, Orie Collin, George Lynn, Raymond Brown, Paul Fairall, Bazel Guander and Clarence James.

Mr. and Mrs. Bedford Dumm of Licking township were surprised on Sunday when they returned home from church and found that their relatives had invaded their home with well filled baskets, to remind them of their twenty-fifth wedding anniversary. Mr. and Mrs. Dumm were the recipients of many useful and beautiful presents.

At 1 o'clock a delicious dinner was served the following: Mr. and Mrs. Bert Watson, Mr. and Mrs. Dorey Dustheimer and daughter Florence, Mr. and Mrs. Frank Varner, Mr. and Mrs. Gid Smith and sons Roy, Karl and Russell, Mr. and Mrs. Bert Boring, and Gladys Boring, Rev. Mr. Greenawald, Rev. Mr. Lyrick, Mr. and Mrs. Frank Dumm, Mr. Alfred Dumm, Mr. and Mrs. George Dodson, Miss Mary Mitchell, Mrs. James Morgan and son Bessie Morgan.

The Ada club will meet at the home of Mrs. John Walsh in South Buena Vista street Wednesday afternoon at 1:30 o'clock.

Miss Helen Bradley will entertain the Semper Fidelis class of the First Presbyterian Sunday school tonight at her home in North Fourth street.

Misses Fern and Marie Vanatta of San Francisco, Cal., arrived in the city Monday for an extended visit with Mrs. L. N. Bradley of Fourth street and Mrs. E. G. Vanatta of Hudson avenue. Misses Vanatta are spending a year in the east, having included a three months' visit with H. J. Miller of New York City. Their home is at the base of Mount Tamalpais, north of San Francisco, one of the localities threatened by the extensive forest fires of last fall. The Vanatta family had their household goods packed, ready to desert their home in case the fire approached too closely.

The Sunday school class of Mrs. I. M. Phillips will meet at her home, 32 North Fifth street, Wednesday afternoon at 2:30. A special program has been prepared and all members are urged to be present.

A delightful meeting of the Monday Talks was held on the club afternoon at the home of Mrs. Fred Wright. Prof. Hoppe, professor of public speaking at Denison University, gave a miscellaneous program of readings from Kipling, Oliver Goldsmith, James Whitcomb Riley and others. He was aided on the program by Mr. Williams, who is a student at the conservatory of music at Denison. Mr. Williams has a very pleasing voice, and gave a delightful program of song numbers.

McCAMIC—EARLY.

On Monday evening at 7 o'clock was solemnized the marriage of Mrs. Mable Hayes Early and Mr. Edward Everett McCamic of Wellsburg, W. Va. The marriage took place at the parsonage of St. Francis de Sales church, Rev. Father Patrick Ruane officiating. The bride and groom were attended by Mr. and Mrs. Frank Douce.

Mr. and Mrs McCamic will sail from New York on Friday, for a three months' wedding trip in Havana, Cuba. On their return they will make their home in Toledo, where Mr. McCamic is well known as a contractor. Mrs. McCamic is the daughter of Mrs. Daniel Hayes of North Fourth street.

Mrs. Ollie Irwin of East Main street was hostess at the regular meeting of the Rosebud Embroidery club at her home Friday afternoon from 2 until 5 o'clock. The hours were spent in needlework and the hostess served dainty refreshments. Mrs. Clyde Irwin was a guest of the club

The members of the Zonule club will entertain their friends this evening with an informal dancing party at the Moser hall.

Miss Margaret McWilliams is the entertaining hostess to the members of the Tuesday Afternoon Euchre club this evening at her home in South Second street.

The Fortnightly Sewing club met at the home of Mrs. C. S. Tomlinson in Flory avenue Wednesday afternoon. The afternoon was passed quickly with the amusement of the club. Late in the afternoon all were invited to the dining room where a dainty lunch was served at one large table. Red and white were the colors carried out in the decorations.

The following ladies were present: Mesdames Leo M. Hart, Scott Orr, Clarence Still, C. F. Martin, J. A. Starr, D. V. Long, James Simpson and hostess, Mrs. Earle Jamison of Cleveland was guest of the club.

The next meeting will be held at the home of Mrs. D. V. Long in Tenth street, January 21.

LAKE—GEORGE

Mr. and Mrs. D. S. George of North avenue, announce the marriage of their daughter, Irene George, to Mr. Murl Lake, on Sunday, January 11.

The marriage was solemnized at the parsonage of the Blessed Sacrament church by Rev. Father Charles Watterson, and the young people were attended by Mr. and Mrs. James O'Neill.

Following the ceremony, Mr. and Mrs. Lake left for Terre Haute, where they will be the guests of the bride's sister, Mrs. R. W. Gilbert. Mrs. Lake was gowned in her traveling suit of blue with hat of the same color and wore a corsage bouquet of violets. On their return they will be at home at 569 Hudson avenue. Mr. Lake is an accountant employed by the B. and O. railway company.

Nothing less than an autopsy would show what some men have in them.

A SUCCESSFUL TREATMENT FOR LOCOMOTOR ATAXIA

A physician in Columbus is gaining considerable prominence in the medical world through his new work upon "Locomotor Ataxia and Diabetes." It is edited by J. Arthur Taft, M. D., D. O. Pph. D., formerly visiting physician Hahaman hospital, New York, former surgeon Pennsylvania R. R., chief surgeon Fowler Institute, New York, and former physician to Chinese consul, Boston, Mass., and he presents it to the public with the firm conviction that he knows what he is talking about.

In his preface Dr. Taft says: "No expense has been spared, and after 10 years of hard study there is no reasonable doubt that the author has established a cure for locomotor ataxia, after the medical profession had been at sea for 50 years to find some remedy that will extirpate this dreadful disease

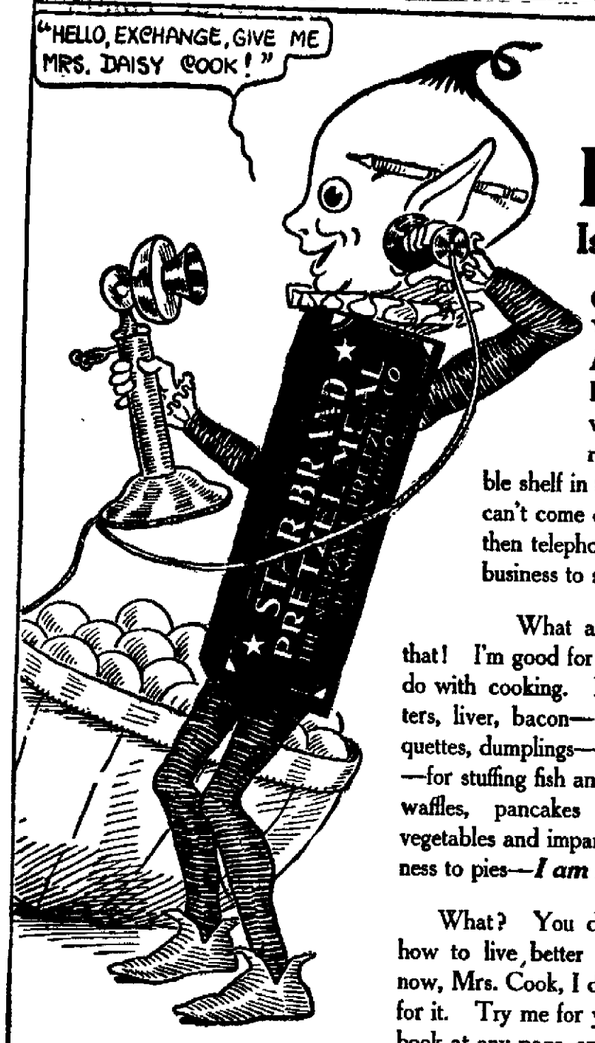

"From post mortem examinations and in treating different cases of the worst type for 10 years, the author can announce that the facts contained in this book can be relied upon as to integrity and honesty, as every statement herein is substantiated by facts.

No doubt the statements in this book will appear as prodigious and wonderful, to the profession as well as to the laity, as they have been skeptical as to the proper and permanent cure that could extirpate this dreadful disease called locomotor ataxia.

If the treatise is followed with care and precision there is no doubt that the patient will be restored to normal health.

Dr. Taft is so certain that he has found a cure for locomotor ataxia that he invites the investigation of physicians who may doubt his statements and he only asks a chance to prove them.

The treatise is published by the Taft Publishing Co of Columbus, Ohio, and will be sent, postpaid to any address upon receipt of price, which is $3.00. Handsomely bound. Advertisement.

HELLO!
Is that you, Daisy?

Glad to hear your voice at last! What's that? Oh I'm ***Pretzel Meal*** and I've got some Jim Dandy recipes for you. I'm only waiting for you to come in and rescue me from this uncomfortable shelf in the grocery store. What? You can't come down town this morning? Well then telephone to the man who runs this business to send me out on his first wagon!

What am I good for? Well, I like that! I'm good for everything that has anything to do with cooking. For frying chops, steaks, oysters, liver, bacon—for making potato cakes, croquettes, dumplings—for thickening soups and gravy—for stuffing fish and turkey—for making muffins, waffles, pancakes and doughnuts—for baking vegetables and imparting the final touch of deliciousness to pies—*I am It.*

What? You don't believe that I can show how to live better for less money? Well, say, now, Mrs. Cook, I don't ask you to take *my* word for it. Try me for yourself. Just open my cook book at any page and try me on the first recipe your eyes light on. If I don't make a better dish and a cheaper dish than you can make by your old method, I'll say no more.

What time will you send for me? Ten o'clock! Thanks. I'll be waiting. You see I have already been boiled, baked and toasted and I am anxious to gladden the digestive tracts of every member of your family.

Don't forget my name, because the grocer is an absent-minded man. Be sure to ask for your cheerful friend.

Obituary

Mrs. Julia McKahan.

Mrs. Julia McKahan aged 54 years, died Monday night at 11 o'clock at her home, in Jackson street following an illness of short duration. Death was due to a complication of diseases. The deceased was a daughter of Patrick and Ellen Downey. She was born in Norwalk, O., April 19, 1860. She came to Newark in 1875 and has resided here since that time. She leaves four brothers and three sisters.

Funeral services will be held Thursday morning at 9 o'clock at St. Francis de Sales church. Interment at Mt. Calvary cemetery.

Mrs. Elizabeth Feasel.

Mrs Elizabeth Feasel was born Dec 5, 1850, departed this life Jan 9, 1914, at New Bethel, aged 63 years, 1 month and four days. She was the daughter of William and Barbara Grandstaff, and was united in marriage to William Feasel, Dec 17, 1873. This union was blessed with three children, Mrs A B. Cross, Raymond and Fanny I., the latter dying in infancy. The deceased united with the Christian Union church at New Bethel, Licking county, Ohio, June 1, 1902. She lived a quiet, faithful, Christian life that will be cherished in the memory of all who knew her. For the past several years she has been a patient sufferer cared for by a devoted husband who was ever ready to administer to her every want. Since Oct. 12 she has been cared for at the home of her daughter, Mr. and Mrs. A. B. Cross. She leaves to mourn her demise a devoted husband, one daughter, one son, four grandchildren, two brothers, three sisters and many relatives and friends. The funeral services were held at New Bethel, Sunday, Jan. 11, conducted by Rev. Mr. Holcomb of Croton. Interment was made in Trenton cemetery.

Mary Nelle Johnson.

Mary Nelle Johnson, the two-year-old daughter of Mr. and Mrs. U. L. Johnson, died at the parent's home in Weiant avenue Tuesday morning at 6 o'clock. The child had been ill with mumps when other complications resulted, causing death.

The body was taken to South Bloomington, O., where funeral services will be held on Thursday and burial will be made there.

Mary Frances Schenck.

Heart trouble caused the death of Mary Frances Schenck, aged 65 years, at the home of her brother, John Schenck, in Channel street, Monday night about 8 o'clock. She had been ill a year. Miss Schenck was born in Kirkersville, O., Sept. 5, 1848, and spent most of her life in that community. For several years she was a school teacher, having filled various positions in Licking county. She was a daughter of the late George E. Schenck. One brother, John Schenck, survives.

Funeral services were held Tuesday afternoon at the Channel home at 2 o'clock. The body was shipped by Bazler and Bradley to Pleasantville, O., where burial will take place Wednesday morning.

SUDDEN DEATH OF DANIEL THOMAS AT EARLY HOUR TODAY

Death came very suddenly to Daniel Thomas, one of the oldest and best known of Newark residents, on Tuesday morning. Mr. Thomas, who lives in West Locust street, has been ill since last June, but was able to be up and around, and on Monday seemed in better health than for months. However, early Tuesday morning he was found dead on his bed by his nephew, Mr. R. J. Northey. Death is thought to have been due to apoplexy.

Mr. Thomas was born in South Wales Feb. 22, 1832, being at the time of his death 82 years old. He was educated in his native land and came to the states in 1853. He lo- ... Licking county, following the trade of plasterer. In 1856 he married Miss Elizabeth Evans, also of Wales, and who died three years ago. Since that time Mr. and Mrs. R. J. Northey, the latter a niece of Mr. Thomas, have lived with him and cared for him. Mr. Thomas was most successful in business pursuits, being a large property holder in this city. He was a self-made man, and through his earnest endeavor and close attention to business matters, he became one of the foremost citizens of Newark. For the past several years, however, he has retired from active work. For more than fifty years he has been a Sunday school teacher in the Congregational church, and has been a devoted and consistent member of the Plymouth Congregational church.

Death came to Mr. Thomas about 8 o'clock Tuesday morning. On retiring Monday night he seemed in good health, and at 7 o'clock Tuesday morning Mr. Northey entered his room and found him sleeping. An hour later, wondering that he had not arisen, he went to his room and found him dead. Mr. Thomas had evidently tried to get up but had fallen back across the bed. Dr. U. K. Essington was called but life was extinct.

The only surviving relatives are a brother, Griffith Thomas, of Emerson, Ia., and a niece, Mrs. R. J. Northey of this city.

The funeral services will be held on Friday morning at 10 o'clock at the Plymouth Congregational church and burial will be made in Cedar Hill cemetery.

COLD DINNERS IN VOGUE WHEN GAS RUNS SHORT

Newark families, most of them, took a cold snack for the noonday meal Tuesday, not because they were hurried or preferred that kind of a lunch but simply because the good housewives could not get a sufficient amount of heat from the kitchen gas range to even heat water.

It was about 9 o'clock when the gas pressure suddenly dropped and the conditions which followed were the worst since the service was started in town. Practically every part of the city suffered from the shortage. Only those families fortunate enough to reside along the main lines where they enter the city had anything like sufficient pressure.

At the offices of the Newark Natural Gas & Fuel Co., the office attaches were kept busy answering the questions of the consumers regarding the shortage. To every questioner was given the same reply, that the demand for gas exceeded the supply and that there was nothing that could be done except to wait for the pressure to increase. According to the officials, the pressure was increasing at 2 o'clock and that it would be recorded to make it possible to heat the homes.

It is claimed that the drain on the fields has been heavy and that the shortage has been noticed even in the cities supplied from the new fields opened up recently in the northern part of the state.

Manager Carl stated this afternoon that the gas supply had been shut off from all the factories supplied by the company Monday, in anticipation of the heavy drain which would follow the drop in temperature.

There was a general rush on the part of gas users to get in a supply of coal and dealers did a big business in "dollar orders." Local coal dealers seemed to have plenty of the fuel on hand to take care of present demands.

FOR COMPTROLLER

President Wilson Certain to Name John Skelton Williams.

Washington, Jan. 13.—That the president will send to the senate the name of John Skelton Williams to be comptroller of the currency and ex-officio member of the federal reserve board, was the opinion of both Democratic and Republican senators familiar with the situation. The opposition to Mr. Williams in the senate is not confined to the Republican side; a number of Democrats are hostile to his nomination.

The Republican senators said that the nomination would be confirmed only after much delay and a thorough investigation of Mr. Williams' business activities.

Move to Stamp Out Pellagra.

Washington, Jan. 13.—Secretary of the Treasury McAdoo sent a request to congress that it establish a laboratory for research and study of pellagra, which he explained, "has become a national menace." Officials of the public health service have several of the most common foods under suspicion as the direct cause of pellagra.

Chicago Grain Situation.
[ASSOCIATED PRESS TELEGRAM]

Chicago, Jan. 13.—Generally favorable European crop advices and a heavy increase of the European visible supply and a depressing effect on wheat prices here. At first, however, offerings were light and the market showed some firmness, believed to be a reflection of the demand that has developed for hard winter wheat for export. The opening was ⅛ off to a shade up, with a moderate advance later, but then a decline all around ensued.

Conditions that promoted selling gave the bear side an advantage in corn. Pit demand was noticeably meager. The market opened unchanged to ¼@¼ lower, rallied a little, and again fell back, this time lower than before.

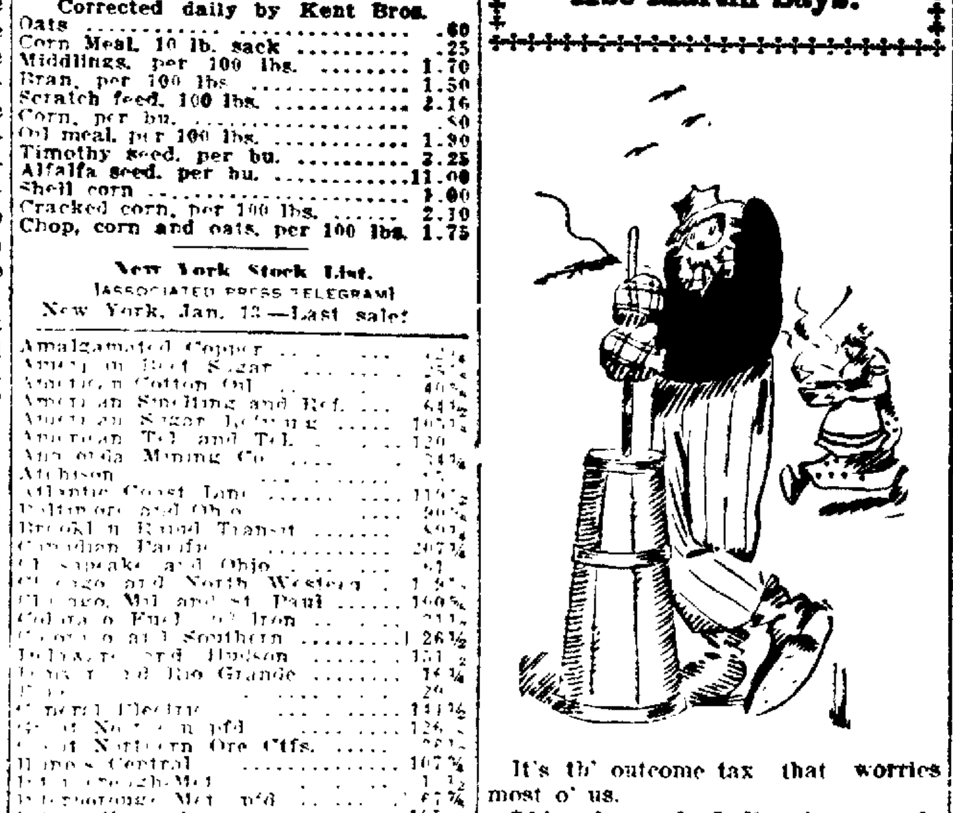

Oats took the same course as other grain. Trade was small.

In provisions, active commission buying lifted prices. There was no selling pressure. First transactions ranged from 2½ to 7½ higher, and a further rise followed.

"Winning of Barbara Worth."

The coming of the new and massive Klaw and Erlanger production "The Winning of Barbara Worth" to the Auditorium on Wednesday evening may be classed as one of the big events of the present season not only because of the magnificence of the scenic equipment and the distinction of the presenting company, but because of the fact that it is a dramatization of one of the most celebrated novels of the last five years.

Harold Bell Wright found his ideal woman, Barbara Worth, lying in Palma de la Mano de Dios—"The Hollow of the Hand of God", Child of the desert, he found her babe, wailing on a sand dune, while her mother was hunting in vain for water. The author, carrying the tragedy of her infanthood through the first pages of his book, pictures the child growing into girlhood imbued with a sense of the vastness of infinity, of its patience, its strength, its cruelty, and not its capacity to pity. In the author's handling she is the primitive woman, unspoiled, untainted, responsive to natural impulses, human at all times, wise in the unvoiced lore of the ages, intuitive as an Indian, daughter of all of the children of men. So he paints her character no less clearly than his f scinating story he lines her physical appearance.

"Baby Mine."

Manager Hamilton announces that he has completed arrangements with Richard Clark, whereby the production of "Baby Mine" will be presented at the Auditorium, Saturday, matinee and night. The necessarily means a great deal to theatergoers of this city, inasmuch as Mr. Clark is sending the company which has played almost continuously for an entire year at Daly's Theater, New York.

The thread of human interest and roaring fun, from a seemingly endless vent, so offered in the sensational comedy "Baby Mine" is the reason of its utter success. The profound praise from people in all walks of life who enjoy sterling fun and laughter, has immediately followed the presentation of the comedy in this country and London. "Baby Mine" is surrounded by everything to create continuous merriment, and good natured mirth and literal comedy luxuriate throughout the play. Enthusiasm is aroused at the start, with the unfolding of conditions occasioned by a very young and prevaricating but innocent wife. Energetic humor and vociferous laughter are the important facts at all times. The machinations and manipulations of well-meaning but ill-advised friends of the young wife, who has been awakened to the importance of "sweet motherhood", to bring about a reconciliation with a self-exiled husband, generates many supremely amusing and side-splitting conditions.

"The Traffic In Souls."

An early booking at the Auditorium, is the "Traffic in Souls", showing the very inside of the White Slave Traffic that is stirring the entire world today and is doing a great deal to stamping out this awful sale of woman's souls and body. This is the same "Traffic in Souls" that is now showing at the Southern Theater, in Columbus. Even on Broadway New York, Belasco's Republic Theater is showing this picture. The picture is an authentic one, based on the report of the Rockefeller Commission and some eight hundred people took part in its making, including many members of the New York police force and the Government Immigration officials.

Orpheum Theater.

For the first half of this week the Orpheum theater offers a very pleasing bill. Frederick Miller, the great equilibrist and novelty juggler opens the show. His act consists of many exciting turns, such as juggling swords, tomahawks and various other knives and weapons. Crosby & Root presenting an original comedy talking, eccentric dancing and singing act are just off the big Keith time. Miss Crosby is a very charming little miss and possesses a sweet voice. Mr. Root does a dancing turn which is very good. Billy Robinson, the eccentric comedy acrobat and grotesque comedian is a great laugh. The funniest in the land, Ross and Shaw, one of the features of the bill, have one of the funniest comedy musical acts in vaudeville, "A Day in Jungletown." This act carries its own special scenery.

Caps Orchestra Thursday, Jan. 15.

The announcement of the appearance in Newark of Cap's popular and talented orchestra, has aroused pleasure, able anticipation of a delightful evening of music. This celebrated musical organization will appear in The High School Auditorium on Thursday evening, January 15, under the auspices of the Newark Masonic Temple Association, and comes to this city with the most favorable and commendable recommendations for its high quality of music and excellence of work. The public will be highly delighted with the entertainment.

BIG IMPORTATION OF POTATOES IN PAST 13 YEARS

Washington, Jan. 12.—The recent order of Secretary Houston of the department of agriculture, prohibiting the importation of potatoes because of certain potato diseases, makes timely statistics, just prepared by the bureau of foreign and domestic commerce showing the imports and exports of this food product for a long term of years.

Since 1900 there have been imported practically 37,000,000 bushels against 16,000,000 exported. The high record importation was in the fiscal year 1912, when 13,750,000 bushels came in, following a short crop here in the calendar year, 1911. Of these 12,500,000 bushels came from Scotland, Ireland and England.

The average import price has ranged from 41 cents in 1902 to 51, in 1907, while in 1912, the year of the big importation, it was 52.

How a Yankee Captured Belgium's King.

It took a Yankee, George W. Crawford, a Licking county Yankee if you please, to startle the natives of Brussel, Belgium, to the point where they talked for months—and are probably talking yet—about the unusual driving outfit by which he induced the king of Belgium to ride with him. It's true it was a sort of an advertising scheme but it worked successfully and placed Mr. Crawford in high esteem with the court officials and prominent citizens of that little European kingdom.

Early in his career as an importer of blooded horses, Mr. Crawford found it a bit difficult to gain entree into the circle of Belgium's select breeders. He devised various means to gain an entrance into this circle with indifferent success

He learned finally that the influence of the king was necessary and he set about to get an audience with the country's ruler, resolving to rely upon his native wit to gain his ends.

At a big horse show in Brussels, Mr Crawford succeeded in gaining admission to the Royal box where he had an audience with the king. He had already gained considerable prominence because of his unerring ability to pick the best of the Belgian stock for his export business.

After exchanging bits of conversation with His Highness, Mr. Crawford boldly invited the king to ride with him the next day, promising him something new in the way of horse drawn vehicles

Probably amused at the seeming arrogance of the Yankee, the king accepted the invitation and true to his word Mr. Crawford entered the royal grounds driving the most dashing team of horses in Europe

The equipage glistened as though it had just come from the saddlery and the horses pranced and danced as only a thoroughbred knows how. Mr. Crawford was seated in the open carriage to which were hitched tandem style four beautiful dapple-gray Belgium stallions, the best animals Mr. Crawford could find in the land.

The king was escorted to the carriage by the liveried attendants and entered the carriage. Mr. Crawford drove this unusual combination through the streets of the Capital and the natives hesitated, stopped and looked with awe. The tandem-team took their eye first and when they turned their glance to the carriage to see what daring individual was driving. Then their astonishment was greater than ever for their own beloved king was seated beside the driver, apparently enjoying his drive behind the unique and dashing team

Belgium breeders, those same individuals who had turned a cold shoulder to the enterprising American, came to the conclusion that any friend of their king must be all right and from that time forward his relations with the greatest and best breeders were pleasant and profitable.

Mr. Crawford has become one of the most prominent importers and exporters of thoroughbred draft horses in America and his stock sales at the Sharon Valley farm have attracted horse buyers from all over the United States and Canada.

UNCLE SAM HOST TO 3000 EXILES

Will Care For the Mexicans Who Fled From Ojinaga.

ALL TO BE TAKEN TO EL PASO

War Department Heads Hold Conference Following Receipt of Dispatch From General Bliss, Who Represented the Situation at Presidio as Serious and Requiring Immediate Decision.

Washington, Jan. 13. — A decision was reached here that for the present the United States will care for 3,000 federal soldiers and the women and children who joined them in the flight from Ojinaga.

This course was determined upon in a conference between Secretary of War Garrison and Major General Wood and Counsellor Moore of the state department.

It will cost the United States about $1,000 a day to play the role of host to these Mexicans at Fort Bliss, at El Paso, Tex. To reach this point they will have to make a trip overland 60 miles to Marfa, Tex., the nearest railroad station. Arrangements have been made to provide railroad transportation for the refugees from Marfa to El Paso. All women and children who care to accompany the soldiers will be permitted to do so. Others who may not will be allowed to stay at Presidio and will be cared for temporarily by the Red Cross, which already has charge of the sick and wounded Mexicans who came over from Ojinaga. Later the immigration authorities will look after the noncombatants.

Telegrams received from Brigadier General Bliss, commanding at San Antonio, and from Major McNamee, in charge of the army patrol at Presidio, represented the situation as serious, requiring an immediate decision as to what was to be done with the refugees.

Major McNamee's latest report indicated that small detachments of federal soldiers are still being rounded up in the district about Presidio. Besides the soldiers and the women and children, the American troops now have in charge more than 1,000 horses taken from the federals and quantities of arms and ammunition, including several field pieces. All the property will be retained indefinitely by the United States forces.

MOVING SOUTHWARD

General Villa's Army Will Next Attack Torreon.

Presidio, Tex., Jan. 13.—Pancho Villa has begun to move his army to Chihuahua preparatory to his campaign southward. Since all the federals except the volunteer generals and a few of their men who were in Ojinaga have fled to the United States, Villa will leave only a few soldiers here. At Chihuahua he expects to have a force of 10,000 men from which to draw for his attack on Torreon.

"The defeat of the northern division of the federal army leaves us concerned only in the south," said Villa. "Mexico City has always been my destination, and I will soon be there."

Villa announced officially that his loss in the fighting Saturday night included 22 killed and 46 wounded. He declared that he buried or burned 250 dead federals and took 70 prisoners, and that none of the prisoners was executed.

Villa exhibited several field pieces that he had captured from the federals at Ojinaga, and claims to have secured almost 1,000 rifles. "This means 1,000 more armed Constitutionalists," he declared, "as we can get all the men we can arm."

Villa sent $18,000 in cash by his railroad superintendent to General E. A. Benavides at Juarez, with which to pay off the rebel soldiers in the border town.

O'Shaughnessy Sees Huerta.

Mexico City, Jan. 13. — Nelson O'Shaughnessy, the American charge d'affaires, had a conference with General Huerta shortly after his return to the capital from Vera Cruz. It is reported on good authority that the provisional president and his ministers are facing an almost desperate financial crisis, and it is believed that this matter was discussed.

Gibbons Scores Knockout.

New York, Jan. 13.—Mike Gibbons, the St. Paul wizard, though outweighed by nearly eight pounds, took a step nearer the middleweight championship when he knocked out Bob McAllister of San Francisco in the seventh round of a scheduled 10-round bout in Madison Square Garden. The end came when it was least expected. Several hooks to the jaw, chin and stomach put McAllister out.

Don't stay stuffed up! Quit blowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

KEEPER GORED TO DEATH BY ANTLERED BUCK.

Babylon, L. I., Jan. 13.—In a desperate fight with a herd of weather-maddened deer, led by a huge antlered buck, Patrick Horan, a keeper in the deer park on the late Edwin Hawley's estate at West Islip, was gored to death. No one saw the battle, but a bloodstained pitchfork, a broken club, ground torn up for many rods and blood-dripping wounds on the deer themselves were mute witnesses to the terrific struggle the aged man put up for his life.

No Leniency For the Rich.

Albany, N. Y., Jan. 13.—Governor Glynn declared that a millionaire convict should receive no more consideration than a pauper convict, and consequently denied the application of Daniel H. Tolman, the loan shark king, that he be relieved from serving the two months and a half balance of his sentence in the penitentiary on Hart's Island, if he agreed to not collect usurious interest on notes.

TEN YEARS OF PAIN RELIEF IN TWO DAYS

RHEUMA Worked Wonderfully Fast in This Obstinate Case of Rheumatism.

Ten years of hard study, conscientious experimenting in sanitarium and private practice, with the most obstinate cases of different forms of Rheumatism—Sciatica, Inflammatory, Muscular, Arthritis, Myalgia—resulted in the discovery of RHEUMA. It has since been used successfully by thousands of sufferers. RHEUMA acts quickly and brings permanent relief.

"Columbia, S. C., May 5, 1913.—I have been a great sufferer from Rheumatism for about ten years, having it in my knees, ankles and joints. Was on crutches about one-third of the time. The first of last December I commenced to take RHEUMA; in two days I laid down my crutches and have since given them away. I now believe that I am a well man; six months ago I never expected to be well again. I have taken some ENGLISH MARHUE in connection with RHEUMA. I have never spent but $2 for RHEUMA. Yours unsolicited, J. R. Crocker, 614 Sumter street, Supt. Palmetto Fertilizer Co."

HARRY THAW NOT YET OUT OF THE WOODS

If Released New York Officials Will Appeal to High Court.

Albany, N. Y., Jan. 13. — Federal Judge Aldrich exceeded his authority in entertaining the present proceedings pending in New Hampshire for the release of Harry K. Thaw on bail, in the opinion of the New York state legal authorities. Attorney General Carmody declared that if Judge Aldrich permits Thaw's release he proposes to take an immediate appeal to the United States district court and, if necessary, to the United States supreme court.

The attorney general takes the position that just as soon as Governor Felkner of New Hampshire approved the papers calling for the extradition of Thaw from New Hampshire to New York state, there was but one question upon which judicial proceedings could be instituted, and that was whether or not New York state's requisition papers were proper and legal as to form.

Attorney General Carmody regards any movement looking for the release of Thaw under bonds as equivalent to giving Thaw his permanent freedom.

William T. Jerome said he is now convinced the Thaw case will ultimately reach the supreme court of the United States. This means that Harry Thaw can not be returned to Matteawan for five years, if ever, and that in the meantime he will be in federal custody and probably out on bail to do and act as his whims dictate.

Every man has some vice, but he must become famous before he is found out.

INSURANCE RATES SLASHED IN OHIO

Average Reduction of 11 Per Cent Goes Into Effect at Once.

SAVES BUYERS MILLION A YEAR

Announcement of Decrease Follows a Prolonged Conference Held Between Governor Cox and Other State Officials and Representatives of the Fire Insurance Companies. Old Rates Held Excessive.

Columbus, O., Jan. 13.—Fire insurance rates on Ohio property are to be cut at once. There will be an average reduction of 11 per cent. This will mean an estimated aggregate annual saving to Ohio policyholders of $1,000,000.

Assurance that this decrease in rates would be made and put into effect was given by representatives of the leading fire insurance companies of the country to Governor Cox, State Superintendent of Insurance Moore and Senator D. F. Mooney of Auglaize county, chairman of the legislative committee which conducted an investigation of the insurance business in Ohio. The insurance men agreed also to remedy some conditions alleged to be unfair by the committee, such as failure to notify a policy-holder that his rate has been fixed high because of a removable hazard on an adjoining property.

This result followed a prolonged conference in the governor's office. It was announced that the state administration had not given any counter-assurance that if rates were reduced no move would be made to enact the drastic legislation, including state control of rates, recommended by the insurance probers. There was no denial, however, that this was thoroughly understood, or that the big reduction was brought about by using the committee report as a lever to loosen the rate schedule. Lieutenant Governor Greenlund was an important factor in bringing together the state administration and the insurance men.

During the conference the belief was expressed by the governor, Superintendent Moore and Chairman Mooney that the rates in Ohio were excessive and that in all fairness to the buyers of insurance there should be a reduction. The statement was made to the insurance men that, while the right beyond question inheres in the legislature to regulate rates, it was the desire at this time to work out an amicable arrangement with the insurance companies and ascertain whether the desired results could not be obtained without legislation on the subject at this time.

The governor and other state officials expressed satisfaction at the result of the conference.

ILLEGAL REBATES ALLEGED

Another Investigation of Steel Corporation Is Proposed.

Washington, Jan. 13.—Another investigation of the United States Steel corporation is proposed in a resolution introduced in the senate by Senator Lane of Oregon.

It directs the interstate commerce commission to subpena William P. Greene of Creighton, Neb., and give him an opportunity to furnish proofs of charge that the United States Steel corporation has enjoyed illegal rebates within the last six years.

Senator Cummins observed that the interstate commerce commission was heavily burdened with work already, and on his objection to the consideration of the resolution it wen over.

CURED TERRIBLE HUMOR ON FACE

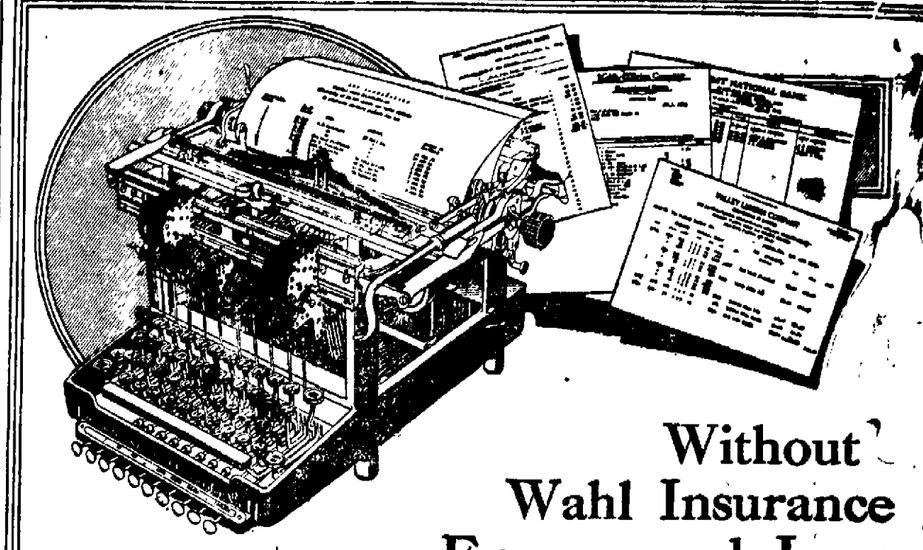

Could Not Go On Street Without Veil. Tells What Resinol Did For Her.

Philadelphia, Dec. 6, 1912. — "In December 1908, my face became sore. I tried everything that was recommended, and my face got worse instead of better. I spent over $100 and got no benefit. The face and nose were very red and the eruption had the appearance of small boils, which itched me terribly. I cannot tell you how terrible my face looked all I can say is, it was dreadful, and I suffered beyond description.

"I have not gone on the street any time since 1908 without a veil, until now. Just four months ago a friend persuaded me to give Resinol a trial. I have used three cakes of Resinol Soap and less than a jar of Resinol Ointment, and my face is perfectly free from any eruption, and my skin is as clear and clean as any child's." (Signed) Mrs. M. J. Bateman, 4256 Viola St.

Every druggist sells Resinol Ointment and Resinol Soap, but if you have any skin trouble it will cost you nothing to try them. Send to Dept. 14-M, Resinol, Baltimore, Md., for a free sample of each.

Without Wahl Insurance Errors and Loss Will Surely Creep in.

The Remington

Adding and Subtracting Typewriter

(Wahl Adding Mechanism)

provides a perfect check on every operation in billing, order writing, statement writing, or any writing which is combined with adding (or subtracting) on the same page.

It not only stops errors, but it stops every possible leak which an error can cause.

But this is not all. Insurance usually costs money, but you pay no premiums for the insurance of accuracy furnished by our Adding and Subtracting Typewriter. As a time and labor saver alone the machine quickly pays for itself—and more.

Send for our booklet, "The New Remington Idea," which describes the machine and its uses.

60 PER CENT HAS BEEN PAID ON SUBSCRIPTIONS

Persons who have not paid their subscriptions to the new hospital are earnestly requested to do so at once.

About 60 per cent. of the money subscribed has been paid. Up to the present time all the bills and estimates have been paid promptly but to continue the work all outstanding unpaid subscriptions must be paid at once.

The work has progressed rapidly so that now a large portion of the plastering is done. The need of a hospital is great and the work should not be delayed for lack of funds pledged in good faith by the generous citizens of Newark. Payment should be made to H. D. Woodbridge at the Franklin National Bank.

HORSE RAN AWAY THROWING MEN OUT OF BUGGY

Dr. Harry Postle narrowly escaped serious injury on Sunday evening when a horse he was driving ran away east of Newark, throwing him and a companion out.

Dr. Postle was called to Stadden's bridge and was met there by a driver and a buggy. They passed a fractious horse and the animal they were driving took fright and ran for quite a distance, finally throwing the buggy in a ditch. Both occupants were thrown out, the driver escaping uninjured, but Dr. Postle received a slight injury to his knee.

BROTHERHOOD OF RAILWAY TRAINMEN HAD FINE BANQUET

One of the most enjoyable events ever given by the Brotherhood of Railway Trainmen was the banquet given on Monday evening.

The large banquet tables were spread in the hall in South Third street and covers were laid for 250 members of the organization. A chicken dinner of several courses was prepared by Mr. Fitzsimmons. Following the dinner the evening was devoted to a social hour, which was featured with cards for entertainment.

COLDEST YET SAYS MERCURY

Thermometers in various parts of the city registered temperatures ranging from 6 degrees above zero in the vicinity of the car barns to 9 above in East Newark and about 12 above in the central part of the city. The thermometers at fire headquarters early this morning indicated a temperature of 12 degrees above zero. At the Brown grocery in East Main street the thermometer registered 9 above at 5:15 o'clock and 11 above at 8 o'clock. Residents in various parts of the city report that the gas pressure was low Monday night and Tuesday morning.

FIRE DESTROYS MARION SCHOOL EARLY TODAY

[ASSOCIATED PRESS TELEGRAM]

Marion, O., Jan. 13.—The Olney avenue school was destroyed by fire this morning. The loss is $50,000, partly covered by insurance. The fire originated in the furnace room and was discovered at 2 o'clock. The Hocking Valley railway fire crew aided in the fight. Two firemen were injured by falling timbers. Marion's schools are overcrowded and caring for 300 pupils of the Olney avenue school adds to the school board's problem.

BOARD OF TRADE DIRECTORS PLAN ACTIVE CAMPAIGN

The board of directors of the Board of Trade met last evening at the Board of Trade rooms at 7:30 o'clock. Twelve of the eighteen directors were present. Several matters of importance came up and were acted upon, but the main business of the evening was the plan for the campaign now on, to increase the finances and membership of the board.

The board listened to a full report and discussion of plans by the manager, Mr. Wakefield, and decided to take hold of the matter at once. The board will meet again Wednesday afternoon at 3 o'clock to start out on the soliciting. At that time [illegible] will be done. Several [illegible] will be appointed and [illegible] ed by the canvass.

During the meeting a communication was received and read from [illegible] Painters, Decorators and Paperhangers of America, Union [illegible]. The communication was as follows:

[illegible]

To the Board of Trade of Newark, Ohio:

Gentlemen:

This union wishes to enter a protest with your honorable body against the too common [illegible] some of our best citizens and business men of letting contracts for labor or artistic work to [illegible] without giving Newark workmen a chance or rather a trial before doing so. Our own merchants [illegible] into print, our Board of Trade [illegible] its slogan," "patronize home industries" every time the laboring man purchases any goods outside of the city, which we are sorry to state is being done at the present time. We ask your honorable body to intercede for us in obtaining at least a hearing when such work is to be let. We refer to certain jobs that have been done, or contracted for, by foreign concerns, as well as non-union labor. We ask that Newark labor, whether union or non-union, be given preference on this work.

EDW. A. BARBER, Pres.
W. B. LANNING, Financial Sec.

Acting on this resolution and in perfect harmony with the sentiment expressed, and desiring to record at this time its sentiments, the board of directors unanimously passed the following resolution:

Be it resolved by the board of directors of the Board of Trade.

That it is the sense of the Board that all persons in the city, whether acting in a public or private capacity, in letting contracts for labor or material, should in all cases prefer and favor Newark concerns and laboring men if at all possible.

The campaign for membership will begin Thursday. The Board will personally take up the matter and it is intended that the directors themselves, assisted by committees, will visit the membership and see each business man personally. The sub-committee will attend to the matter of the industrial fund and a [illegible] plan will be inaugurated.

[illegible] dinner tonight at the Association [illegible] Church street a very interesting affair is assured. The [illegible] will be served by McDaniels [illegible] cost [illegible] cents per plate, the [illegible] responded liberally [illegible] that at least one [illegible] will be present. [illegible] will be reserved [illegible] reason did [illegible] cards.

EVANGELISTIC SERVICES AT THE SECOND PRESBYTERIAN

[illegible] at the [illegible] started [illegible] crowd in attendance [illegible] preached [illegible] of West Virginia [illegible] friend of the pastor. [illegible] Mr. Pake delivered [illegible] Good Cheer of the Christian Life." His every manner [illegible] the spirit of his theme. The Denison University male quartette sang two numbers in a most pleasing manner and the large chorus choir did most acceptable service. Mr. Will Reynolds will be present tonight and assist with the cornet. All are invited. The hour is 7:15.

The following cottage prayer meetings will be held this week: Wednesday morning, 10:30, W. C. Miller's residence: Thursday at the same hour, C. W. Nevins' residence in South Third street: Friday with J. C. Ayers, on East Main street. All are invited.

HON. T. S. HOGAN MAY SPEAK AT BAR BANQUET

At a meeting of the Licking County Bar association held yesterday, arrangements were made to plan the annual bar banquet. The banquet will be held Feb. 11 at the Warden hotel and the committee on arrangements is planning to have Hon. Timothy S. Hogan, attorney general of Ohio, as the guest of honor and deliver an address.

Granville

Granville, Jan. 13.—The Travelers' club held an interesting meeting in the Baptist church, Monday afternoon. The session was presided over by Mrs. W. C. Clemons, who was elected to that office at the last regular business meeting that was held last week. Two papers were read during the course of the afternoon. The first was written by Mrs. Jasper Jones, who chose the "Conservation of Forests," as her topic. A detailed account of the situation of our forests was given and the necessity to do something to preserve them was emphasized. The second, and last paper, was read by Miss Anna Rees. The subject was "Montana — Our Treasure State," in which the vast wealth of Montana, especially in minerals, was told in an interesting manner. It had been arranged to concluded the meeting with a parliamentary drill, but Mrs. Van Kirk failed to appear.

Mrs. Fred Buxton is confined to her home because of an attack of rheumatism, which she suffered yesterday.

Mrs. Minnie Kerr returned from Johnstown today, after a visit of several days with Mr. and Mrs. George Upham.

C. Eldridge of Cincinnati was a local visitor yesterday.

A joint meeting of the Y. W. C. A. and the Y. M. C. A. was held last evening in Recital hall.

Ralph Jones, left forward on the Denison University basketball team, suffered a painful injury after the game, which was played at Wooster last Saturday evening. Intending to take a swim in the swimming pool, he dove from the brink of the pool into a foot of water and suffered a severe cut across the forehead, which caused a copious flow of blood. The wound is healing rapidly and he will very likely be in condition to participate in the game with Kenyon Saturday evening.
